The Cape of Good Hope's Whale Tales

10

18 - 31 October 2022

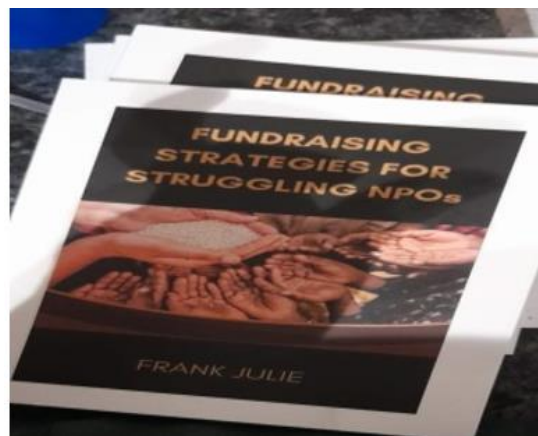

Guest speaker, Frank Julie is an author, organisational development practitioner, consultant, advisor, strategist, activist, and facilitator, and is well known to many in the Non-profit sector in South Africa through his regular fundraising workshops.

His journey started in the late 1970's as a volunteer, organiser, and programmes manager, and later launched the Resource Action Group (RAG), a youth development agency focusing on building capacity amongst young, marginalised youth to access sustainable livelihoods.

Being passionate about the youth, he founded *YoungPeople@Work*, an organisation designed to empower the unemployed youth through life-long learning and connecting them with opportunities, and also the *Master Fundraising Mentoring Forum* and the *Music Academy for Rural Youth*

Frank shared his thoughts on finding out what our donors need to make them visible; avoiding the 'Spray and Pay' approach, by using a Targeted approach to highlight the organisations skills and expertise and using their available resources. A good tip is to utilise the 'fiscal dumping' of unused CSI budgets close to the financial year end, which can be a lucrative source of funding.
